Annual General Meeting No.33

2nd November 2022

Venue – Downside Community Centre, Newport

Members Meeting

The meeting was held immediately after the AGM and was opened by the Chairman at 19.34.

1. Free nights at rallies. This was discussed as we had a deficit this year as many free nights were taken at the most expensive rally sites. Members were asked for their suggestions.
 - Increase rally fees
 - Scrap the free night altogether
 - Rather than a free night – a set discount off a night
 - Stop them apart from the rally host who has 1 free night
 - Increase number of rallies attended to claim a free night
 - Rather than a free night a credit to go towards the member's Christmas group meal.

These suggestions will be considered by the committee and members will be advised of the outcome.

2. Members were asked for suggestions for a nominated charity for the year preferably a local charity.
Proposals were Ability dogs for young people.
Care in the garden

A vote was taken and there were 11 votes for Ability dogs for young people and 5 votes for Care in the garden.

There was 1 abstention due to conflict of interest

3. The chairman asked for suggestions from members for fundraising, social events and rally venues.
4. The menu for the Christmas dinner was circulated. A copy will be emailed to all members. Menu choices and payment (preferably into the club bank account) to be given to Cheryl by 11th November. Please screenshot your payment and send to Cheryl and Ann,
5. The rally programme was circulated (a copy will be sent to all members when finalised.) A suggestion was made that it should be passed round at the meeting for people to pencil in the rallies they would like to host. However, the majority of members stated that they did not know at this stage their commitment for next year.
6. It was suggested that we had a crafting group that would meet. This was agreed a good proposal. Venue needs to be found. Several members will make some enquiries and feed back to the committee.

The meeting closed at 20.00
